Bests of the Waste (2020)

“For the artisan, craft is an end itself. For you, the artist, craft is the vehicle for expressing your vision. Craft is the visible edge of art.”

Rules:

1. The artcraft must be environmentally friendly. Anything which is not re-cyclable, should not be used.
2. The theme will be announced on the day of the event, and two hours will be given to arrange the required material.
3. For the final artcraft, students will have to send a small video recording which includes the starting process by showing all the material, and finishing process.
4. The participants will then send a photograph of the final artcraft with names of all the material used.
5. The final submission will be judged on following parameters and judges’ decision will be final:
 - The craft and finishing
 - The material used
